

Warranty Belt Replacement Procedure

First the purchaser must ship the belt back to Gboost for inspection at purchaser's cost. Once we receive the belt and confirm that it has a defect in material and/or workmanship we will provide a replacement belt with a \$25 handling fee. Or if needed, the customer may purchase a new belt and when we receive the old belt and deem it has a warranty issue, a refund will be given, minus the \$25 handling fee. Fill out form below and return with the belt.

****Please review Gboost limited belt warranty guidelines****
